From Your President ...

Dear NCAA Members,

Welcome to February, the shortest and sometimes coldest month of the year. While it may be chilly outside, it's a perfect time to plan for the upcoming NCAA events.

Here's what we accomplished in January!

- The **Save-the-Date** postcards were finalized at the end of last month. Once you receive your postcard, please keep it handy to plan your schedule for the year efficiently. The back of the postcard has a list of General Meeting dates for easy reference.

- The NCAA partnered with the Newnan Cultural Arts Commission (NCAC) and the UWG School of Art (UWG) to host two art exhibitions in the Wadsworth Auditorium's Vault Gallery. The **Peach State Opera Art Exhibition (Jan 19-21)** was hugely successful. We want to thank all the members who participated: Debra Crane, Rae Duncan, Andrea Faye, Chelita Freeman, Teresa Foshee, Bailey Hill, Karen Jenkins, Sandra Johnson, Yana Pidorvan, Alicia Rainwater, Vanessa Snyder, Nancy Twomey, and Dr. Charles Williams. We are preparing for the **Step Afrika Art Exhibition (March 1-2)**. This exhibition promises to be another fantastic event. Even if you could not participate this time around, we would love for you to come out and support your fellow artists.

- Renowned member artist Ulla Strickland offered a new **Art House class** "Basics of Drawing" — a four-part pencil class once a week for four weeks in February. Specific details and a registration form were emailed to the membership on January 11. Unfortunately, there were not enough registrations to warrant holding the class. We may be offering an advanced drawing class later this year and hope you will take advantage of this exciting offer!

The February General Meeting will be held on **Monday, February 19**, at the Harriet Alexander Art House. Refreshments will be available at **6:30 pm**, and the

FEBRUARY 19th MEETING

GUEST PRESENTER

Charlene Sibaja

charlene@faace.org

Charlene Sibaja is honored to serve as the Creative Director of [Gobi Photography](#), a venture she co-owns with her husband (Roger). Alongside her role, she has the privilege of being President at Fine Arts and Crafts Entrepreneurs (FAACE), where she strives to foster a warm and supportive creative community. One will often find her organizing Fayette County's largest fine arts festival ([Magnolia Fine Arts](#)) and coordinating the [Artpreneur Conference](#).

With a background rooted in military service and leadership, Charlene has cherished opportunities to give back, including her tenure as President of the American Businesswomen Association (ABWA), where she was humbled to be recognized as Woman of the Year.

Her passion for photography began over 15 years ago, simply capturing stock photos for their software design business. Over time, she discovered the therapeutic nature of photography, leading her and her husband to share their work at regional art shows and events. They've been fortunate to receive recognition, even winning the Best in Photography award at the Newnan Coweta Art Association's annual competition in 2014. She is appreciative of every opportunity to connect through art.

Today, she cherishes the opportunity to blend her passion for art with her photography skills at Gobi. Together, she and Roger enjoy working with esteemed clients like Piedmont Hospital, Wells Fargo, Chick-fil-A, Trilith, Sany, Merrill Lynch, Corvaglia, and more.

Charlene holds two master's degrees—one in Information Systems and another in Education, Training, and Development. She is deeply grateful for the journey that art and photography have taken her on. In addition to her professional endeavors, Charlene is a loving Nana to seven, a role she treasures dearly.

Artist of the Month ~ February 2024

Margo Merrifield

<http://margodrawsandpaints.blogspot.com>

The NCAA has selected **Margo Merrifield** as its featured "Artist of the Month" for February 2024. Margo's art will be displayed in the entry way to Newnan City Hall until February 29th.

In her own words...

Creating art has always been a part of my life, even more so since retiring from the (non-art) working world several years ago. My skills are mostly self-taught, and my art-based education has been a combination of several casual classes in oils, pastels, and watercolor over many years. Since I love to try new techniques and mediums, online (You Tube) courses are a great teaching aide."

My works include landscapes, architectural, select portraits, and recently images leaning toward fantasy. My mediums are acrylic, watercolor, oils, vinyl block prints, and any craft that catches my interest (I should own stock in Hobby Lobby and Michaels!). My style is sometimes very detailed but often leaning toward an impressionistic flair.

I have been a key designer of murals for Coweta County DFACS, Pathways and the city of Sharpsburg. I enjoy painting on location (plein aire), but often my phone serves as a great camera to capture interesting reference scenes.

My membership with the Newnan-Coweta Art Association has created many opportunities to display my work. I've also served on the Board for most of my fifteen plus years with NCAA.

as much as I did creating them!"***

The Newnan Cultural Arts Commission (NCAC), in conjunction with the UWG School of Art (UWG), has invited our association to join a partnership to present an art exhibition, which will coincide with their 2024 Concert Series:

Step Afrika! Art Exhibition will be held inside Wadsworth's Vault Gallery located in the Auditorium Lobby. The art exhibit is free and open to the public on:

Friday	March 1	10 AM – 1 PM
Saturday	March 2	4 PM – 7 PM

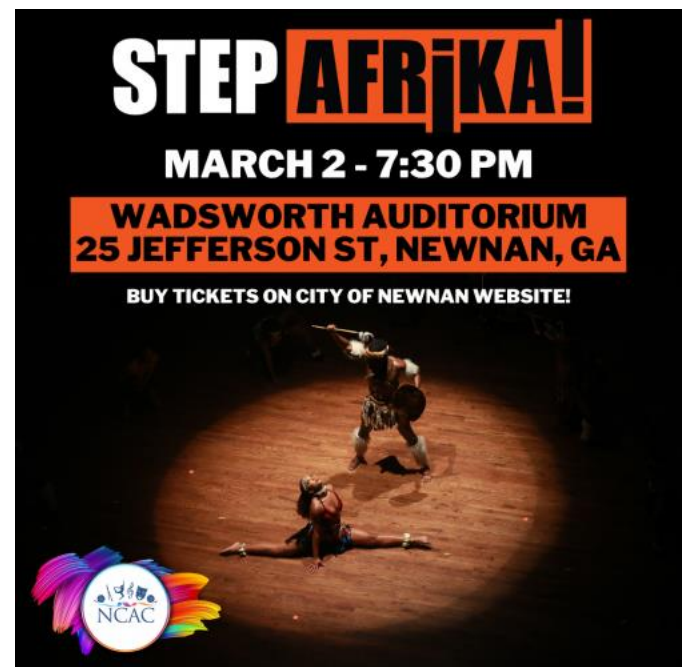

Be sure to come out and support the NCAA and your fellow members. Help spread the news about this fantastic exhibition. Family and friends are welcome!

Step Afrika! Concert

This show introduces audiences to stepping through both a traditional and contemporary lens. Step Afrika! blends percussive dance styles practiced by historically African-American fraternities and sororities; traditional African dances; and an array of contemporary dance and art forms into a cohesive and compelling artistic experience. Performances are much more than dance shows; they integrate songs storytelling, humor, and audience participation. The blend of technique, agility, and pure energy makes each performance unique and leaves the audience with their hearts pounding.

Rediscovery

"Roses in a Glass Vase" by Bertha Wegmann
Oil on canvas, 1906

Editor's Note: This gorgeous painting piqued my curiosity about the artist.

Ms. Wegmann was well known for her figurative paintings and dignified portraiture but found escape in landscapes and wildflowers. She was constantly pushing the aesthetic possibilities of modernism.

In this highly complex painting, each flower represents a different stage of the life cycle, from bud to withered rose, as if it were a portrait in a way. There is this very impressionistic background of pale greys and spots of yellow, against which these beautiful cut flowers are contained in this glass vase. Then you notice that the artist has incorporated the odd wildflower into the bouquet. Wildflowers became a metaphor for her own existence, too: untamed and independent.

Although she enjoyed success during her lifetime, the Swiss-born Danish painter was always the "odd one out," excluded from mainstream acclaim by the conservative Danish elite. In recent times, major exhibitions have

reappraised her as an artist who knew her own value — and as "someone to be measured by a different yardstick." She exhibited widely and represented Denmark at several world's fairs including the Chicago World's Fair in 1893.

On December 14, 2023, **"Roses in a Glass Vase"** sold for £25,200 (>\$32K) at Christie's in London.

Award winning artist Bertha Wegmann (1847-1926), a woman who barely let a day go by without painting or sketching; a woman who cracked so many of the glass ceilings of her time; a champion of other artists (especially women artists) died "with her boots on" — a death most artists dream of, suddenly dying one day while working in her studio.

Bertha Wegmann achieved an unparalleled career at a time when it was especially difficult for a woman to forge any kind of independent life. It is not clear why she disappeared so quickly from art history's accounts when she was one of the leading figures of the art scene of her day. Artful joy that she is attracting growing interest in the art world once again!

May each of us carry 'roses-in-a-glass-vase' feelings in our hearts as we exchange affectionate greetings to relatives and friends this **Valentine's Day** and beyond. That's a gift so much better than a box of chocolates. Truly!

3D Tips & Strategies 3D Artists Sell through your Bio!

At the libraries where I schedule 3D exhibits, we are not allowed to put prices on artwork or involve the libraries in sales in any way. However, you can include information in your artist bio, such as your website, how and where you sell your work, and your contact information for sales. Do you teach classes? If yes, people want to know where you teach and if you teach children and/or adults. Again, no prices may be listed; just how to contact you for more information.

Please contact me at artworkswm@gmail.com if you have 3D art to display. We currently have an opening at Ephesus Library. Openings are coming up at Central, Bowdon, and Ephesus for March, April, and May.

Thank you for bringing art to the community. The Library Managers tell me how much their patrons enjoy the displays.
